Grade 3: Math Home Learning (Friday 18 September)

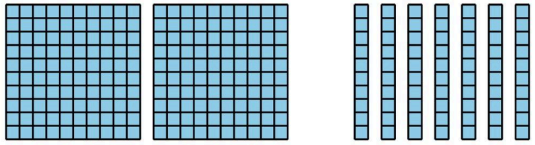

Choose one or more math tasks to solve.

What number is represented:

a) 

_____

b) 

_____

c) 800 + 10 + 3 (write the number)

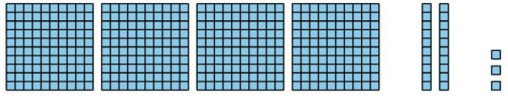

_____

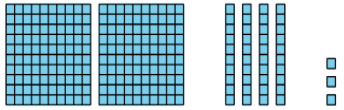

1.Circle all representations of the number *four hundred twenty three*.

a) 324

b) 423

c) 

d) 

2.Think about the number 739.

a) Which digit is in the tens place?

_____

b) What is the value of the digit 7 in this number?

_____

1.Make all the possible 3-digit numbers only using the digits 1, 2 and 3.

For example, using the digits 1, 2 and 3, the number 123 can be made. What others are there?

2. I am a four-digit number.

- The digit in the hundreds place is a 2.
- The digit in the tens place is 3 times the hundreds digit.
- The digit in the thousands place is half the tens digit.
- The digit in the ones place is the same as the thousands digit.

What number am I?

_____
